Foundation Software Laboratories Inc. (FSLI) and Legal Files Software, Inc. announce Marketing Agreement

Annapolis, MD (January 2nd, 2004) – Foundation Software Laboratories Inc. (fsli-pdpartner.com), a leader in Financial Management Software for the Legal and Professional Services industries, announced today it has signed an agreement with Legal Files Software Inc. of Springfield IL to integrate and remarket Legal Files Case Management system for law firms.

With this agreement, FSLI will act as a single source for firms who require worldclass financial management and case management software solutions. The combined, tightly integrated system provides the best total practice management solution available, helping firm personnel to be more productive and ultimately more profitable. "Today's law firm managers are looking for more than the ability to integrate best of breed products. Our agreement with Legal Files names FSLI as the prime contractor with total responsibility for our implementations of the combined system. Our clients can have the confidence that we have the expertise to respond to all of their needs."

- Carl Mack, President and CEO, FSLI

About Foundation Software Laboratories. Inc.

FSLI is a developer and marketer of innovative financial and practice management software for medium-to-large size law firms. Since 1981, FSLI has been helping law firms reduce costs and increase profitability by improving the efficiency of their accounting practices.
