Version 10.0 of PD Partner now available from FSLI

Annapolis, MD (May 15th, 2004) – Foundation Software Laboratories Inc. (fsli-pdpartner.com), a leader in Financial Management Software for the Legal and Professional Services industries, announced Version 10 of its PD Partner Solution was released for commercial use on May 15th 2004. Version 10 includes numerous customer suggested enhancements as well as two new modules designed to maximize the productivity, efficiency and profitability of the firm.

“Today’s law firms are facing increased competition and a more demanding clientele than ever before. As a software developer, we are constantly striving to provide new releases which offer our customers a competitive advantage in the marketplace. Release 10 of PD Partner provides significant advancements in functionality. With the release of Version 10, PD Partner has evolved from a Financial Management application to a firm management tool.”

Carl Mack, President and CEO, FSLI.

PD Partner release 10 includes PD Partner’s **Financial Alerts Center** which allows firms to set up rules to automatically notify attorneys when alert conditions have been met, such as a client exceeding their AR threshold. Attorneys can be notified via e-mail or the output can be directed and linked to the corporate intranet.

Version 10 also marks the introduction of the **PDP Financial Documents Repository (PDP Docs)**. PDP Docs allows firms to store electronic copies of important financial documents for easy retrieval in the financial system. These documents may include bank statements, client engagement letters, W2s, 1099s, AP Invoices and scanned images of documents such as driver’s licenses, social security cards or even health care forms.

About Foundation Software Laboratories. Inc.
